## AD BENEFITS

### Get Seen

Unlike social media or Google ads, there is no ability for the viewer to "skip" or "scroll" past your video ad on TV or Spotify.

### Low Cost

Pay as low as \$0.04 per view compared to \$0.15 per view on YouTube, FB, IG, or Google for the biggest bang for your buck.

### Smart Targeting

Get seen by your target audience based on their interests, income, behaviors, demographics, lifestyle, and more using our data.

### Boost Credibility

Get your brand seen on the most established networks on TV such as ESPN and ABC enhancing perception among viewers.
